uates at the commencement exercises here to-day, declaring that great responsibilities rest on naval officers of the United States. 'I have thought that there was one interesting bond that united us. You were at Washington three years ago and saw me get into trouble. And now I am here to see the beginning of your trouble. Yours will last longer than mine, but I doubt if it will be any more interesting. I have had a liberal education in the last three years with which nothing that I underwent before bears the slightest comparison.

box. It is a tiny receipt attached to her vanity case. Whenever she hears an acquaintance make an unkind remark about somebody else she asks the offender to fine himself a coin and drop it in the box. Of course, the money will go to charity.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!
